

Mean Old Devil Got On

[Daniel Norgren](#)

Yesterdays rivers black and dry, mean old devil got on.

In a blind valley i slept all night, mean old devil got on, mean old devil got on.seventynine roses i had in mind,
mean old devil got on.

He'll take everyting he may find, mean old devil got on, mean old devil got on.He'll come in feathers and big
sharp birls, mean old devil got on.

In some hard way he'll do you his, mean old devil got on, mean old devil got onHis hands will follow you down
the reign, mean old devil got on.

I havn't had a dream since ten or nine, mean old devil got on, mean old devil got on
