The Frozen Tears Of Angels

Rhapsody

Beware, my friends
For you face the demonknight's prophecy
You see now the fearsome
Har-Kuun is not a myth3,000 year ago, in the age of the red moon
The lords of the Darklands defeated the army of the Nordic Plains
Taking Erian's book from Ainor's hall, where they had hidden it
Those disciples of the Black Order, it's known only nowCovered by the dust of time
It lies deep in Har-Kuun
Beware my friends
The demonknight's prophecy unfoldsFrozenTrapped in dimensions of cryptic gray space
Phantoms of dying worlds
Arise in my torment
My broken torn wounded heartSlave of a fate carved in hate
Once baptize in these dark waters
I'm dead and frozen
My feelings, veiled fearSegrete memorie
Scolpite nel tempo
Sospire e lacrime
Frammenti d'animaUn destino ormai segnato
Vivo e piangoIn una grigia nota
Di torbida speranza
Nel decadente verso mortale
D'un respiro senza eta'Iceland, revealing darkness
Cold worlds, eternal sorrow
A dead moon lighting
The frozen tears of sad immortal angelsWhite mystic Iceland, revealing darkness
Cold worlds, eternal sorrow
A dead moon lighting
The frozen tears of sad immortal angels
White mystic landFrom his black chalice
I drank bleeding pain
Vampire lustful and true horror made flesh
Who am I? Where do I go?Now the dark gate is so close
I'll be led by the angels
To fight what I've been once
Condemned now to face himCelate parole
D'oscura natura
Sospire e lacrime
Frammenti d'animaUn destino ormai segnato

Vivo e piangoIn una grigia nota
Di torbida speranza
Nel decadente verso mortale
D'un respiro senza eta'Iceland, revealing darkness
Cold worlds, eternal sorrow
A dead moon lighting
The frozen tears of sad immortal angelsWhite mystic Iceland, revealing darkness
Cold worlds, eternal sorrow
A dead moon lighting
The frozen tears of sad immortal angels
White mystic landIceland, revealing darkness
Cold worlds, eternal sorrow
A dead moon lighting
The frozen tears of sad immortal angelsWhite mystic Iceland, revealing darkness
Cold worlds, eternal sorrow
A dead moon lighting
The frozen tears of sad immortal angels
White mystic landFrozenHar-Kuun
