

Growing Closer

Humble Pie

Here I am with dust in my pants
I don't know what to do
I've been on the road for almost a week
I just wanna be with you, yeah, you, yeah Makes no difference where I am
It's feeling hard to breathe
If I thought you felt the same
Wouldn't be so bad for me, me, yeah Thought I knew all about it from the start
Took a short cut to nowhere
To make it feel alright
Got to cut this traveling out
I hate sayin' goodbye
We leave the day we arrive
Or I'll wanna know why
Growin' closer, comin' in out of the dark Here I am with dust in my pants
I don't know what to do
I've been on the road for almost a week
I just wanna be with you
Yeah, you
Yeah, you, yeah
