You Want

Rambellwood

You wanna show me here
You wanna show me there
You wanna run me down
Into a perfect circle
Seams will stretch
And then my bed will burst
And when I'm back to you
I'll have a story to tellWords are worthless
When you're laying in my bed, ohTell me when I'm dead
Is it sleeping on the words that you said?
You're better off dead
Is it creeping all the words that I said?
Cause you want me and you like me and I'm
Tell me when I'm dead
Is it sleeping on the words that you said?
Cause you want me and you like me deadYou wanna tear me up
You wanna stretch me out
And what you lost I found
And now I'm not giving it backWords are worthless
When you're laying in my bed, ohTell me when I'm dead
Is it sleeping on the words that you said?
You're better off dead
Is it creeping all the words that I said?
Cause you want me and you like me and I'm
Tell me when I'm dead
Is it sleeping on the words that you said?
Cause you want me and you like me deadI love you
But I'll never changeTell me when I'm dead
Is it sleeping on the words that you said?
You're better off dead
Is it creeping all the words that I said?
Cause you want me and you like me and I'm
Tell me when I'm dead
Is it sleeping on all the words that you said
Cause you want me and you like me and I'm (x4)
Cause you want me and you like me and I'm dead
