

# Stop Breathin

## Pavement

Got struck by the first volley  
Of the war in the corps  
Never held my service Send 'em a wire, give 'em my best  
This ammunition never rests  
No one serves coffee, no one wakes up Stop breathin', stop breathin'  
Breathin' for me now  
Write it on a postcard  
Dad they broke me  
Dad they broke me Stop breathin', stop breathin'  
Breathin' for me now  
Write it on a postcard  
Dad they broke me  
Dad they broke me I can see the lines open shutters  
And the leaves flocked on a grid  
That's what they made my hero say  
But nothin' gets me off so completely Then when you put it down  
Ten feet down in the ground  
Call and response, negative home Stop breathin', stop breathin'  
Breathin' for me now  
Write it on a postcard  
Dad they broke me  
Dad they broke me Stop breathin', stop breathin'  
Breathin' for me now  
Write it on a postcard  
Dad they broke me
