Introduction

Arlo Guthrie

words and music by Arlo GuthrieLoose the bonds that tie me
Let the world I live in let me
Take these chains from off my thumb
Let the world just know you've comeEveryone is thinking that there must be a way
Come closer to me a babe, and hear what I say
Lay down beside me, listen to my song
It's something other than it's right or it's wrongDo you ever seem so happy and feel so sad?
Feel that someone that you never had
