

If I Can't Have You

Bobby V

uh baby i've been watching you,
on the low girl i've been jocking you
looking further up the road,
i want you for my own
uh you're such a dying thief,
like a diamond ?
you're exactly what i need in my life.

so if i can't have you, i just can't stand up, stand up
i want nobody else, i just can't stand up, i just can't stand it
i want nobody else, nobody else .
if you got a boyfriend, i'ma take you from your boyfriend
i can treat you like a queen.
