I was guided in my head
Through my eyes
Thought for age's
Blowing...
I was guided in my head though my eyes
Fought for age's blowing down...
Down down...
Feed on this fading hour
Feed on what's fading out...
Tried to save
Tried to save...
Crowd in softly
Crowd in softly...
Feed on this fading hour
Feed on what's fading out...
Feed on this fading hour
Feed on what's fading out...
