

I Don't Love Her

Gucci Mane

I love things about her
I love the way she treat me
I love the way she fuck me
I love the way she suck me
I love things about her
I love the way she treat me
I love the way she fuck me
I love the way she suck me
I'mma trapholic, all I do is ball
Tear the mall down, now trick
Don't flag me down, see me downtown rari
I didn't mean to shit on you, excuse me, sorry
Verse so slick, make my video marvelous
Polo to the floor, Ralph down like Carlton
Try the CEO they gone put you on a carton
I didn't mean no harm but my diamonds are dumb
Plenty rocks on my arm
Me and Rocko the Don, East Atlanta the Slum
Where I'm from got a gun in the club havin' fun
And after it's done no more coaches to call it
After party, bachelor party, they shoulda called it

I love things about her
(But don't love her)
I love the way she treat me
(But don't love her)
I love the way she fuck me
(But don't love her)
I love the way she suck me
(But still don't love her)
I love things about her
(But don't love her)
I love the way she treat me
(But don't love her)
I love the way she fuck me
(But don't love her)
I love the way she suck me
(But still don't love her)

Man, I love the way she shake it, I like her 'cause she groovy
Love to see her naked, I love to watch a movie

I like her, she the coolest
Good head on her shoulders, I love the way she use it
Ay, I like the way she fuck me, love the way she suck me
Love how every time we play she catch it like rugby
I love she know what's up with me, she love me 'cause I'm gutta
I like a lot about her though but still don't love her
Still super cool though, yeah, she my luh buddy
She be sharper than a pencil, yeah, she my luh cutty

Shawty, say I'm dirty but when I see her she wanna hug me
Super swagga, carats make all my bitches love that

I love things about her
(But don't love her)
I love the way she treat me
(But don't love her)
I love the way she fuck me
(But don't love her)
I love the way she suck me
(But still don't love her)
I love things about her
(But don't love her)
I love the way she treat me
(But don't love her)
I love the way she fuck me
(But don't love her)
I love the way she suck me
(But still don't love her)

I love how she be swallowin' my nut then she be throwin' me up
I like the way she fuck but still I hate when she be blowin' me up

All the bustas, ah, sweat her, only ballers can get her
She a flipper, I love she do whatever I tell her
Yeah, I like her a lot but still don't love her at all
I hate pussy ass niggas and I'm in love with them all
I got a crush on white diamonds and I got a thang for their tush
That sour diesel my favorite, you betta watch how you look
Quick to take ya 'lil diva and treat that hoe like a slut
She was suckin' on Gucci, I had my dick in her butt
You know I'm bad, bitch crazy, 187's my favorite
Infatuated with money free boosie, boo the streets crazy
I love things about her
(But don't love her)
I love the way she treat me
(But don't love her)
I love the way she fuck me
(But don't love her)

I love the way she suck me
(But still don't love her)
I love things about her
(But don't love her)
I love the way she treat me
(But don't love her)
I love the way she fuck me
(But don't love her)
I love the way she suck me
(But still don't love her)
