How Strange

Chuck Foster

When you are sleeping do you dream of me?
How strange, how strange?
'Cause you know what they sayAbout the visions in your head
And what they mean
How strange, how strange
That you should feel that way?I'm not living in an ordinary world
'Cause I'm not your ordinary good girl
And I don't believe in playing
Like I know that gameYou're not heading for an ordinary love
'Cause I'm not the one that you should think of
And I'm not a prize that you can claimYou know I think it's strange
Just a little bit deranged
That you think I'm gonna change
To make you happyIf you can tell me why
I should wait around then I
May be coming down
But until then this means
You can see me in your dreamsWhen you are sleeping, do you?
When you are sleeping, do you?
When you are sleeping, do you dream?
How strangeI'm more than happy in my candlelight
How strange, how strange
That you should come to my dominion
In the middle of the darkest night
How strange, how strange, that you should even tryI'm not living in an ordinary world
'Cause I'm not your ordinary good girl
And I don't believe in playing
Like I know that gameYou're not heading for an ordinary love
'Cause I'm not the one that you should think of
And I'm not a prize that you can claimYou know I think it's strange
Just a little bit deranged
That you think I'm gonna change
To make you happyIf you can tell me why
I should wait around then I
May be coming down
But until then this means
You can see me in your dreamsSupernatural, yes it's true
Tell me what are you gonna do?
About this love, are you strong enough

To love me for the way I am?I don't think you understand
That you can't hold me in your hand
If you want me, you had better find a way
To show me but don't you think you know me
'Cause I'm not looking for a boy to call my own
I'll do just fine aloneYou know I think it's strange
Just a little bit deranged
That you think I'm gonna change
To make you happyIf you can tell me why
I should wait around then I
May be coming down
But until then this means
You can see me in your dreamsI don't come when you call
I don't try to be nice
I don't care after all
I don't take your adviceI don't answer your prayers
I don't do as you say
Love if you really care
You'd better find another wayYou know I think it's strange
Just a little bit deranged
That you think I'm gonna change
To make you happyIf you can tell me why
I should wait around then I
May be coming down
But until then this means
You can see me in your dreamsWhen you are sleeping, do you?
When you are sleeping, do you?
When you are sleeping, do you dream?
