

Dream Of A Young Girl As A Flower

Mercury Rev

In the green grass a young girl... dreams
She's a flower in the field
Well in my dream, you are real
Whatever happens now they say is whatever we choose
Under bright stars a young boy... dreams
He's walking on the moon
In my dream we are too
And whatever happens now they say is whatever we choose
In the hot sun a young cat... dreams
Of night and making love
Well in my dream we are too
And whatever happens now I'll leave it all up to you
She's a flower in the field
You're the one that everyone
leans on
You're the one that can't lose control
Your toes in the sand
Inches from throwing yourself in the sea
But you can't
You're the one that everyone leans on
You're the one that can't lose control
Whatever you want
An' whatever you choose
What happens now is up to
