

# Prince Of Darkness

## Fruupp

My victims are rich or poor, young or old, strong or weak  
I 'cause millions of accidents, I am cancer in your bones  
I fathered the lie, twist what you say, speak not the truth  
I am insidious impartial, deep inside your chromosomes  
    I take what you love and leave you in tears  
    I imprison your soul, your hopes are my games  
    I strip you of pride, my promise is in vain  
While you burn at the stake, I dance with the flames  
    I bring poverty sickness and death  
A worthless handshake, the slickest thief, I steal your wealth  
    I answer your prayers for greed and lust  
    More than evil I laugh at your trust  
    I am more powerful than all the armies of the world  
    I am more violent than violence, more deadly than death  
    I have destroyed more men than all the nation's wars  
    I am relentless, unpredictable waiting for your last breath  
        More evil than violence  
        More violent than death  
        More deadly than man  
    Yeah yeah, I'm evil, I am

My kingdom corrupt with dissent, your sins erupt by my intent  
    I loathe your prayer I wallow in sin let the nightmare begin  
        Prince of darkness, your satanic highness  
    Prince of darkness, the devilish serpent, the dreaded Lucifer  
        Prince of darkness  
    I take what you love and leave you in tears  
    Imprison your soul, your hopes are my games  
    I strip you of pride, my promise is in vain  
    While you burn at the stake, I dance with the flames

My kingdom corrupt with dissent, your sins erupt by my intent  
    I loathe your prayer, I wallow in sin, let the nightmare begin  
        Prince of darkness, your satanic highness  
    Prince of darkness, the devilish serpent, the dreaded Lucifer  
        Prince of darkness  
        Prince of darkness, your satanic highness  
        Prince of darkness, the most beautiful angel  
    Prince of darkness, the devilish serpent, the dreaded Lucifer  
    Prince of darkness, unpredictable, the Prince of darkness  
        Go go go

Go go go

Go go go

...
