

# Look for Me Baby

## Fiction Family

What you hold dear  
Starts to disappear  
You can tell what you trust  
By the things that you fear You can look for me, baby  
Oh baby, I'll be long gone Who warned you  
You white washed tunes?  
To flee from the wrath  
As all men do You can look for me, baby  
Oh baby, I'll be long gone Everybody knows, everybody knows  
That I'm the fight, that can only end in blows  
You can say I showed a go  
That I only go to shows Yeah, you can give my regards  
To your house of cards  
You're dead end stars  
And your pharisee shards You can look for me, baby  
Oh baby, I'll be long gone (Look for me, baby)  
Oh baby, I'll be long  
(Look for me, baby)  
Oh baby, I'll be long gone
