

Good Enough

Cover Your Tracks

You're sleeping on the ground
You make yourself the enemy, a syndrome in the sound
Oh, I can't believe
You found yourself a life
You built yourself a family, fostered by the lie
Don't stop or they'll see
You're trapped, trapped in your lies You're king, king of you're not good enough
But are you good enough
You're trapped, trapped in your lies
You're king, king of you're not strong enough
But are you strong enough to see you're alive
You've broken your way in They love the new celebrity, just hiding in your skin
Oh, I can't believe
The mirrors that you find are worthless without reverie
A face that looks like mine
Don't stop or they see
You're trapped, trapped in your lies You're king, king of you're not good enough
But are you good enough
You're trapped, trapped in your lies
You're king, king of you're not strong enough
But are you strong enough to see you're alive
(strong enough to see you're alive) Can I mask the symptoms? Can I find the cure?
I'm living on the outside but faking every word
Can I mask the symptoms? Can I find the cure?
I'm living on the outside but faking every word
You're trapped, trapped in your lies You're king, king of you're not good enough
But are you good enough
You're trapped, trapped in your lies
You're king, king of you're not good enough
But are you good enough You're trapped, trapped in your lies
You're king, king of you're not strong enough
But are you strong enough to see you're alive
Can I mask the symptoms? Can I find a cure?
Can I mask the symptoms? Can I find a cure?
