

Love Is Free

Sheryl Crow

One, two
One, two, threeShe got a shack floating down the Pontchartrain
With the water rolling in
We gotta swim toward where the levees start to crackAnother day, another dollar down the drain
You go to town no one's around
'Cause if you drown there ain't no hope for coming backIt ain't no big thing if you lose your faith
They kinda like to keep you in your place
You never know what might be coming your wayOh everybody, devil take your money
Money's got no hold on me
'Cause oh, oh, everybody's making love
'Cause love is freeYou go to church and pray to God for no more rain
A Cadillac, a paper sack, well, hey there Jack
You want some bourbon for the pain?Hey, Tambourine, ain't no rhythm on the street
With the voodoo what do you do
When the radio just plays on anyway?Those crazy fingers in your jelly jar
They'll jack your money while you sleep in your car
They got the karma they ain't getting too farOh everybody, devil take your money
My money's got no hold on me
Oh, oh, everybody's making love
'Cause love is freeEverybody come together
(Love is free)
Everybody come together
(Love is free)
Everybody come together
(Love is free)
Everybody come together
(Love is free)Oh, everybody, devil take your money
But money's got no hold on me
Oh, oh, everybody's making love
'Cause love is freeOh, everybody, devil take your money
But money's got no hold on me
Oh, oh, everybody's making love
'Cause love is free
Love is free, yeah, love is free
