

Rat Race

Najwa

 Closer into the light
I turn my body closer into the light
 Take off all my clothes
You want to see me naked, you want it allI guess I'd like to be a star
 I guess I'd like to be a starRat race, rat race
 While my soul still in the cage
 Rat race, rat race
 While my soul still in the cage
With the mirror face to faceI give it to you
 You don't have to steal
 Using my desperation for something real
 It wasn't what you expected
I know it's in my mind, we've been reflectedI guess I'd like to be a star
 I guess I'd like to be a starHears of kittens
 Running for cover
 Dragging mice
 Bleeding all overHears of kittens
 Running for cover
 Dragging mice
 Bleeding all over(Rat race, rat race
 While my soul still in the cage
 Rat race, rat, rat race
 With the mirror face to face
 With the mirror face to face)
