Come Down To Earth

Divinyls

These days you're doing very well no time for me I can tell
You live in heaven I live in hell come down to earth, angel
These days you're moving very fast
You treat me like I'm second class
You try and pass me by but I wont' let you pass
Come down to earth, baby come down to earth come down to earth
These days you seem to be on a roll
No matter what the cost you must reach that goal
Well, business is business no time for the soul
Come down to earth, baby
Sometimes it's easier to forget
Pretend you don't know me easier yet
You think you don't' have to pay your debts

Come down, come down, come down to earth
Come down, come down, come down to earth
I wish you should
I remember you, do you remember me?
And all the things we were going to do
Do you remember but I remember
These days you're doing very well no time for me I can tell
The word heaven I want to yell come down to earth, angel
These days you're moving faster you don't treat me as classier
But I wont' let you pass it on to her come down to earth, angel
Come down, come down, come down to earth
Come down, come down, come down to earth
Angel
