

Woman Love

Gene Vincent

Woman love, hey hey hey hey

Woman love, hey hey hey hey

Woman love, hey hey hey hey

Woman love, hey hey hey hey Well I went to my good doctor not so long ago

A walkin' in a circle and moanin' low

He looked at me and said, Good lord above, son

You need a vaccination of a woman love Well I'm lookin' for a woman with a one track mind

A huggin' and a kissin' and a smoochin' all the time

I'd build her a castle to the moon up above

I sure am a needin' me some woman love, let's rock once We'll I'm lookin' for a lovin' gal that needs a lot of
care

Not worried about her figure or the color of her hair

The doctor really scared me when he said, good lord above

You sure am a needin' you some woman love Well I'm tired of walkin' circles, tired of moanin' low

I want my baby with me everywhere I go

I want my lovin' baby to call him turtle dove

I sure am a needin' me some woman love, let's rock again Well I'm tired of walkin' circles, tired of moanin' low

I want my baby with me everywhere I go

I want my lovin' baby to call him turtle dove

I sure am a needin' me some woman love Woman love, hey hey hey hey
