its your grace
gives me all i need
i will believe and declare it
it's your word
sets me free from death
taht guilt and shame it is not mine
and our song rings out
with victory we shout
with hands lifted high we sing

magnificent grace
your glory fills this place
magnificent grace
is all I need
(you're) all i need

magnificent grace
your glory fills this place
magnificent grace
is all I need
(you're) all i need

YOU're all I need
