

# Black Butterfly

Deniece Williams

Morning light, silken dream take flight  
As the darkness gives way to the dawn  
You've survived, now your moment has arrived  
Now your dream has finally been born  
Black butterfly sail across the waters  
Tell your sons and daughters what the struggle brings  
Black butterfly set the skies on fire  
Rise up even higher so the ageless winds of time can catch your wings  
Ooh...ooh...While you slept, the promise  
was unkept  
But your faith was as sure as the stars  
Now you're free and the world has come to see  
Just how proud and beautiful you are  
Black butterfly sail across the waters  
Tell your sons and daughters what the struggle brings  
Black butterfly set the skies on fire  
Rise up even higher so the wind can catch your wings  
Let the current lift your heart and send it soaring  
Write your timeless message clear across the sky  
So that all of us can read it and remember when we need it  
That a dream conceived in truth can never die  
Butterfly`Cause now that you're free and the world has come to see  
Just how proud and beautiful you are  
Black butterfly sail across the waters  
Tell your sons and your daughters what the struggle brings  
Black butterfly set the skies, set them on fire  
Rise up even higher so the ageless winds of time can catch your wings  
Fly  
Butterfly  
Yeah, yeah, yes  
Fly
