

# Hustling

## Bashy

Hello to all my niggas and bitches  
Welcome to Diggler's Wild World of Girls  
I'm sitting here with the Baddest Bitch  
(That's Right)  
So Trina tell us a little something about yourself  
Hustla I'm the queen of this south shit  
Tight with a cute face that's what I'm 'bout bitch  
Sexy, specialize in filet show  
All about my pesos, never was a fake hoe  
Shot shore throw throw the cock like a flame thrower  
In the mouth of a cock blower  
Just a diva, mack momma looking for them ends  
Traded in the Lex for a G-5 Benz  
Touring on the road getting stacks  
20 grand karats for the show no tax  
Bell-V is what I'm pourin' on them hatas  
Blinding with the lock, no imitaders  
Broke ass niggas getting on my nerves  
Get sliced, diced, chopped, and served  
Ask am I off the chain, I won't lie  
But I don't want your man boo fuck that guy, uh  
Oh, okay, alright, I see how y'all be getting down in the MIA  
But Trina what I really wanna know is  
How would you get with a nigga who live with a bitch?  
Wait, for his bitch to live, Ms. Trina gotta trick up her sleeve  
Open up the door I walk straight in the house  
Put your man down and put my cock in his mouth  
I need a heavyweight like Georgy Foreman  
To work my ocean like the Long Shoreman  
I'm real successful, I live off interests  
So get it right bitch, I'm the Diamond Princess  
Banking and it's all for the cause  
Hey Trina would you suck a nigga dick?  
Bitch hell naw and fuck what a bitch tell y'all  
Stay the fuck outta mine hoe and go get a job Ugh  
Damn girl, you wild as fuck  
But what I really wanna know is  
How you set a motherfucker up?  
See a nigga pumpin' gas

Don't look, get out your car slow drop your book  
Sell em' with your name and your freak out game  
And show a lil' shot of ass just to get in his brain  
    Tell 'em what he wanna hear, calm and slow  
    "You want this ass", come on let's go  
Call my dawgs at the hotel, let em' know I'm coming  
    Bring em' upstairs and leave the car running  
    Get em' in the room don't be scared  
    Go in broke come out with bread  
That's what a nigga get playing with that cheese  
    Fun for a freaking watch ya get skeeze  
    Out the door, real quick  
Then out come my dawgs with the K's and shit  
Thinking with your dick man that ain't nothing  
Trina one more thing, naw no more questions  
    See now that's what I'm talking 'bout  
    We need more real motherfucking bitches  
    Representing real shit  
    You heard it live from the baddest bitch  
    Reporting live this is Ki Ki  
From Diggler's Wild World of Girls, see ya  
    Naw no more questions, I'm done  
    I'm not that bitch, I'm that other bitch
