

# This Is the Life

## Kolohe Kai

The hills make me wanna run and play  
Every time I think of you  
And I wanna go up and sit right down  
And look at the ocean so blue  
I wanna feel the breeze blowing in my face  
And let all things hang loose  
Whisper your name  
Feel no pain  
Relax and cruise

(Chorus)

This is the life, the life I was given  
This is the life  
I love country living  
This is the life  
The life meant for me and you  
So I hope you're here to live it too  
(yeah) and I hope you're here to live it too

I wanna get on my bike and ride that red dirt road  
From the cane fields to the shore  
I wanna skip stones with my cousins  
As the ahi skims the ocean floor  
And as the sun goes down and the moon goes up, I can see the stars  
(see the stars)

As we sit by that fire beneath our shack  
(From: <http://www.elyrics.net/read/k/kolohe-kai-lyrics/this-is-the-life-lyrics.html>)  
And jam our guitar

This is the life, the life I was given  
This is the life  
I love country living  
This is the life  
The life meant for me and you  
So I hope you're here to live it too  
(yeah) and I hope you're here to live it too

Take the time to unwind  
And let the island sooth your soul  
Feel the music everywhere

And let aloha take control  
Cause I can see the pain in your eyes  
From the pressure of today  
Open your eyes, weâ€™re in paradise  
And throw them all away

This is the life, the life I was given  
This is the life  
I love country living  
This is the life  
The life meant for me and you  
So I hope you're here to live it too  
(yeah) and I hope you're here to live it too  
(yeah) and I hope you're here to live it too
