

Hoochie Coochie Man

New York Dolls

Yeah, hoochie coochieGypsy woman told my mother
Before I was born
Say you got a boy child comin
Got to be a son of a gunA boy and girl
Both jump and shout
And world's gonna find out
What it's all aboutBecause I am
Everybody knows I am
I'm your Hoochie Coochie Man
And everybody knows I amOn th 7th hour
You take 7 days
On the 7 months
And 7 docters sayYour born for bad luck
That's a low down shame to see
I got seven hundred dollars
Dont you mess with meBecause I am
Everybody knows I am
I'm your Hoochie Coochie Man
And everybody knows I amI got a black cat bone
A mojo tooth
I got a diamond Conqueree
That don't mess with youA boy and girl
Both jump and shout
And world's gonna find out
What it's all aboutBecause I am
Everybody knows, everybody knows I am
I'm your Hoochie Coochie Man
Everybody knows I am
