

Changed Me

Luke Christopher

[Verse 1]

Catch me swerving through the lanes

Girl, I'm fucking with you tough

And I'll tell it to your face

Pack your bag up for the day

Told you not to fall in love

I could never fill that space

But I guess I should listen to my own advice

Girl, I guess I think too much when I'm alone at night

Ask me anything, I'll be straight with you

Girl, I the oldie type

You should get to know me right

Thought you gave me all of you [Chorus]

And I'm going insane

I'm going insane

Used to think that I would play the game, stay the same, but you changed me

But I don't know what else to do, but to thank you

Thought that I would pick you up today to just say

I'm trying to make you understand just how I feel about you (bout you)

And you got me tripping baby, you sure it's something I do? (I do)

And I may be impressed, baby I would do anything for you

Tell you that I've changed for you baby it's all because of you (cause of you, yeah) [Verse 2]

Feeling like there's something changing in me

Heads been spinning like the tires on a ten speed

I'm trying to be in some vibes you been sending

And maybe your anatomy, them thighs got me handsy

And I do, do, do act up around you, you, you

What you want me to say, say, say

I always hit you with the truth, truth, truth

Show you I'm with you

Love you lot cause it fits you

In the city I'm with you

Out the city I miss you

Been working hard on my age too

We can talk like we niggas

Know you trying to get the Gram up

I got somebody taking your picture

He's like flick, flick, show me that

I'm just trying to give feedback

These girls ain't too pleased, believe that[Chorus]
And I'm going insane
I'm going insane
Used to think that I would play the game, stay the same, but you changed me
But really girl there's nothing else to do, but to thank you
Thought that I would pick you up today to just say
I'm trying to make you understand just how I feel about you (bout you)
And you got me tripping baby, you sure it's something I do?
And I may be impressed, baby I would do anything for you
Tell you that I've changed for you baby it's all because of you (cause of you, yeah)
