

# Shatter Together

## My Jerusalem

Done my slips, out on the floor  
We start to sweat like we've never before  
Devil bents and we pray for the tore  
You have said we can never come home  
never come home

Long after midnight  
Showered in daylight  
Under the wrong side of this lullaby  
Bloodshot from the inside  
Darkest of weather  
Iâ€™ll be your mirror we can shutter together  
shatter together

Blistering lips how do we go  
We start to leave, now weâ€™re losing control  
Flowing in fate like a fashionable coat  
Feeding kisses down the rabbit hole

Long after midnight  
Showered in daylight  
Under the wrong side of this lullaby  
They drive from the inside  
Darkest of weather  
Iâ€™ll be your mirror we can shutter together  
shatter together

Long after midnight  
Showered in daylight  
Under the wrong side of this lullaby  
They drive from the inside  
Darkest of weather  
Iâ€™ll be your mirror we can shutter together  
shatter together
