Psychopsilocybin

Incubus

Psychopsilocybin runnin', horny mother fucker
Trippin' on his shoelace searchin' for the hairy sucker
He don't need no funny money, his love is all his power
Half-naked and full witted and two weeks less a shower
Psilocybin, mother fucker
Psilocybin, oh [Incomprehensible]
Psychopsilocybin
Psychopsilocybin
Psychopsilocybin
You'll see me, I'll be there, with my nose in the grass
One for me, one for you, two for me, one for you
Three for me, one for you
End of the sack now, the fungi's they are in bloom, yeah
Go, go
Yeah, oh yeah oh wow
All the colors, yeah wow wow wow yeah
Go, go
Psychopsilocybin runnin' horny mother fucker
Trippin' on his shoelace, searchin' for the hairy sucker
He don't need no funny money, his love is all his power
Half-naked and full witted and two weeks less a shower
[Incomprehensible]He's a psychopsilocybin runnin' horny mother fucker
Go, go
Yeah, oh yeah oh wow
All the colors, yeah wow wow wow yeah
Psychopsilocybin
Psychopsilocybin
Psychopsilocybin
