

Psychopsilocybin

Incubus

Psychopsilocybin runnin', horny mother fucker
Trippin' on his shoelace searchin' for the hairy sucker
He don't need no funny money, his love is all his power
Half-naked and full witted and two weeks less a shower

Psilocybin, mother fucker

Psilocybin, oh [Incomprehensible]

Psychopsilocybin

Psychopsilocybin

Psychopsilocybin

You'll see me, I'll be there, with my nose in the grass

One for me, one for you, two for me, one for you

Three for me, one for you

End of the sack now, the fungi's they are in bloom, yeah

Go, go

Yeah, oh yeah oh wow

All the colors, yeah wow wow wow yeah

Go, go

Psychopsilocybin runnin' horny mother fucker

Trippin' on his shoelace, searchin' for the hairy sucker

He don't need no funny money, his love is all his power

Half-naked and full witted and two weeks less a shower

[Incomprehensible]He's a psychopsilocybin runnin' horny mother fucker

Go, go

Yeah, oh yeah oh wow

All the colors, yeah wow wow wow yeah

Psychopsilocybin

Psychopsilocybin

Psychopsilocybin
