## Zero 7

Lost in cheap delirium  
Searchin' the neon lights  
I move carefully  
Sink in the city aquarium  
Sing in the key of night  
As they're watching me Take me somewhere, we can be alone  
Make me somewhere, I can call a home  
'Cause lately I've been losin' on my own Wrapped in silent elegance  
Beautifully broken down  
As illusions burst  
Too late to learn from experience  
Too late to wonder how  
To finish first Take me somewhere, we can be alone  
Make me somewhere, I can call a home  
'Cause lately I've been losin' on my own Take me somewhere, we can be alone  
Make me somewhere, I can call a home  
Won't you take me home? Won't you take me home?  
'Cause lately I've been losin' on my own  
Won't you take me home?
