Alcohol

The Cataracs

I don't go out much
So I can't say I do this
You don't try to test me
'Cause I really ain't gotta nonthin' to prove it
I'm a master, a rapper,
Like a T-Rex I move faster
I'm a vicious hoe, delicious hoe
Diminish any finish come up wish list, hoe
I can date you or sedate you
Or I could put it in your face too,
So many ways I can break you
I'm a smoker but I sip this cup
While I burn this yoda
Bitch, hold up, is you drinking?
Is you drinking?
Alcohol
Alco-alco-alco-alco-alco-alco-alco-alco-alcohol
alco-alco-alco alcohol
Okay I'm twisted, where's the bitches?
What's happening?
Went to Harvard, you gets it
Well guess who are rapping?
Wait, wait, now that was so shameless
I should turn it down
But I'm fresh off stage, bitch
And I tour it down

f*ck a A-list I'ma stay low brow
Ass so thick but I wish low cal
Have a drink, it's okay
My table is up for free
Better stay on her
Like Garfield did lasagna

Don't kiss her 'cause she's lying 'bout
them lips like Lana
Never wanna make you come-a
But if you really wanna
Put that back up like a llama

But all you need is a lotta
Alcohol
Alco-alco-alco-alco-alco-alco-alco-alco-alcohol
alco-alco-alco alcohol
These fucking heels are kiling me
Oh my God
I haven't seen you in forever, let's get drunk
Yolo, you know what they say, yolo
Oh my God I'm so drunk right now, vodka now
I need a drink
Give the keys to your best friend
'Cause you won't leave without your best friend
We don't need no drunk textin'
All we need is the good affection
Give the keys to your best friend
'Cause you won't leave without your best friend
We don't need no drunk textin'
All we need is the good affection
Good affection
The good affection
All we need is the good affection
Good affection
Good affection
All we need
Alcohol
Alco-alco-alco-alco-alco-alco-alco-alco-alcohol
alco-alco-alco alcohol
