

# I Must Be High

Wilco

You always wanted more time  
To do what you always wanted to do  
Now you got it  
And I, I must be high  
To say goodbye  
Bye, bye, bye  
You never said you needed this  
And you're pissed that you missed the very last kiss  
From my lips  
And I, I must be high  
To say goodbye  
Bye, bye, bye  
And you never looked in my eyes  
Long enough to find any piece of mind  
But now you got it  
And I, I must be high  
To let you say goodbye  
I must be high  
Bye, bye, bye  
Bye, bye, bye
