

# Love Machine

## Uriah Heep

Lovely little lady  
You've got me on the run  
You're a love machine  
And you say that I'm your gun  
But I don't care  
'Cause I've got to know  
Oh oh You said you're a loser  
The kind that came up rusted  
So I had to try hard to  
Satisfy your thirst But I don't care  
'Cause I've got to know The only time she's happy  
Is when the bullets fly, yea  
And she'll make you feel  
You're better than any other guy And I don't care  
'Cause I've got to know So, lovely little lady  
You've got me on the run, yeah  
You're a love machine  
And I'm tryin' to be your gun  
And I don't care  
'Cause I've got to know
