Real Good Friends

Blessid Union Of Souls

You came all this way to see me
There must be something I should know
Did you come here just to leave me?
'Cause I don't wanna let you go
I know you need more from me
Than I can give, so now we'll see
We can get along as real good friends
There's no need to say goodbye
Maybe better off as real good friends
So keep this love alive
Too much time and distance
Is what we were up against
And we didn't wanna listen
To the advice of our friends
They said this can't last too long
They were right, they were also wrong
'Cause now we're gonna be
Two real good friends
Even closer than before
'Cause that's the way I think
It should've always been
But we just wanted more
From the first time that we made eyes
We knew there was something there
If this is the last time
Then let's pretend we never met
So we can start again
We can learn how to be
Real good friends
Even closer than before
'Cause that's the way we knew
It should've always been
And now and now we have it all
Ain't it better now that
We're real good friends?
Even closer than before
We'll never have to worry
How the story ends
We'll just keep on wanting more

I'll be there for you all the time now
We'll never have to worry
How the story ends
