

The Church Channel

Say Anything

Wake up in a room and realize i'm insane again
this is the fifth time straight in a year i've ended up in here
eating p.b.j's and
watching the church channel nightly i didn't mind what i did
i fell behind on my nightly four-course meal of rainbow pills
and now i'm wondering what is fake and what is real but who's that ghost who keeps walking by my door
i've never seen a girl look so good in thick-rimmed glasses before and i feel her gaze on me during sleeping
hours
and when i shower they let us play with markers
but i keep trying to draw infinity
and i read the bible to pass the time but one day out of nowhere
she sits down and looks over my shoulder
i'm shaking harder then i've ever shook before.
she sings: "Woah, do you remember me? is your mind that worn?
we both were born to be one with that which the public scorns. though you were forlorn in despair with your
drugs and your hardcore porn
trust me, those days won't be mourned. so lay your head on me."
so lay your head on me
so lay your head onto me.
yeah lay your head on me so lay your head on me
so lay your head on me
so lay your head onto me
yeah lay your head on me
