The Church Channel

Say Anything

Wake up in a room and realize i'm insane again this is the fifth time straight in a year i've ended up in here eating p.b.j's and

watching the church channel nightlyi didn't mind what i did i fell behind on my nightly four-course meal of rainbow pills

and now i'm wondering what is fake and what is realbut who's that ghost who keeps walking by my door i've never seen a girl look so good in thick-rimmed glasses beforeand i feel her gaze on me during sleeping hours

and when i showerthey let us play with markers
but i keep trying to draw infinity
and i read the bible to pass the timebut one day out of nowhere
she sits down and looks over my shoulder
i'm shaking harder then i've ever shook before.

she sings: "Woah, do you remember me? is your mind that worn?

we both were born to be one with that which the public scorns.though you were forlorn in despair with your drugs and your hardcore porn

trust me, those days won't be mourned.so lay your head on me."

so lay your head on me

so lay your head onto me.

yeah lay your head on meso lay your head on me

so lay your head on me

so lay your head onto me

yeah lay your head on me
