Jaded

[Green Day](#)

Somebody keep my balance
I think I'm falling off
Into a state of regressionThe expiration date
Rapidly coming up
It's leaving me behind to rankAlways move forward
Going straight will get you nowhere
There is no progress
Evolution killed it all
I found my place in nowhereI'm taking one step sideways
Leading with my crutch
Got a fucked up equilibriumCount down from 9 to 5
Hooray, we're gonna die
Blessed into our extinctionAlways move forward
Going straight will get you nowhere
There is no progress
Evolution killed it all
I found my place in nowhereAlways move forward
Goin' straight will get you nowhere
There is no progress
Evolution killed it all
I found my place in nowhere
In nowhere, in nowhere
