

# Ddevil (demo)

## System of a Down

Plagiarized existence exist  
Among the writers of the word  
Shake your spear at Shakespeare  
Shake your spear at Shakespeare Loud and noisy  
Strong refrigerators  
Gaining independence  
Gaining independence Stupid people do stupid things  
Smart people outsmart each other  
Then themselves, then themselves  
Then themselves, then themselves Take me down there  
Photographic relapse  
People feeding frenzy  
The devil is so lovely My blue moon rivets in exits  
Forewarned customary spirits  
By myself, by myself  
By myself, by myself Take me down there  
Photographic relapse  
People feeding frenzy  
The devil is so lovely Take me down there  
Photographic relapse  
People feeding frenzy  
The devil is so lovely
