Different Kind of Cowboy

Ray Scott

Yall listen hereI aint never lived in Texas
Rode across no dusty plain
I aint drank water from no cactus
Been inclined to rob a trainIm a different kind of cowboy
Tumble weed out in the wind
In this Carolina country boys heart
The lone ranger rides againI aint too forward with the ladies
Flash a smile and tip my hat
But Ive been findin out here lately
Theres still a few thing to thatYeah, Im a different kind of cowboy
Tumble weed out in the wind
In this Carolina country boys heart
The lone ranger rides againYeah, I got a hundred horses
Couple sprockets and a chain
Love the sound of chrome
Pipes rumbling, the smell of gasolineIm gonna ride off in that sunset
Yellin' yippee ki-yay, yippee ki-yayYeah, Im a different kind of cowboy
Tumble weed out in the wind
Yeah, in this Carolina country boys heart
The lone ranger rides again and againHi, ho, silver
Lone, lone
