

I Wanna Make You Close Your Eyes

[Dierks Bentley](#)

Girl I've been waitin' on this long hard day to get over
So I can rest my head right here on your shoulder
I just wanna lay here and feel ya breathe
Listen to the rhythm of your heartbeat
And see where it leads

We're wide awake but girl I wanna make you close your eyes
And say my name like only you can say it and hold me tight
All I need is only you and me alone tonight
I wanna make you close your eyes

Oh yeah

You can make me work for it girl if you want to
Just leave a trail for me to follow you into the bedroom
And if you need a little bit of help from me
Babe there's not a button that I can't reach
Let's see where it leads

We're wide awake but girl I wanna make you close your eyes
And say my name like only you can say it and hold me tight
All I need is only you and me alone tonight
I wanna make you close your eyes

I wanna take you somewhere, out there
'Til the world fades out of sight

We're wide awake but girl I wanna make you close your eyes
And say my name like only you can say it and hold me tight
Just hold me tight
All I need is only you and me alone tonight
Yeah, I wanna make you close your eyes
Oh

I wanna make you close your eyes, oh
Girl, I wanna make you close your eyes
