(Chorus)
Im talking pimp problems
She love playing the victim, but she luh testing a pimp
Im talking pimp problems
You think im stressing her but she really stressin me

Contiplating on leavin these hoes and starting over
Taking the masserati the jaguar and Rover
Scoopin all my shorties and making these hoes mad
Empty the bank account to houses and haul ass
Knock me another crew who dont worry what i do

Aint worried bout me and you sitting down for an interview
I swear ive been going through it as long as i been a dude
Im over the bullshit but still imma a true pimp
Searching for real answers what imma do pimp
Keep it pimpin finessin situations with clear thought
Fuck these bitch and be caculated with no heart
Im Smart, Finacially Benefitual is the goal
Continue as active member but shit is taking its toll
Take her out the service and sat her down on the stroll
Im to seasoned and real to be having problems with hoes

(Chorus)
Im talking pimp problems
She love playing the victim, but she luh testing a pimp
Im talking pimp problems
You think im stressing her but she really stressin me
Im talking pimp problems
She love counting what she make but she aint counting what she spend
Im talking pimp problems
Im playing for forever she in aint thinking to the end
Im talking pimp problems
