Nice People

Devendra Banhart

Well, you certainly are nice people
Yeah, you certainly are nice people, nice people
Certainly are nice peopleIn your white ass suit and lion tattoos
In your white ass suit and lion tattoos
You've seen it all, seen it all, pale horse
Licks your skin, begin, begin, begin, begin, begin, beginWell, you certainly are
You certainly are nice people
You certainly are nice people, nice peopleIn your white suit and lion tattoos
In your white suit and lion tattoos
You've seen it all, seen it all
Pale horse licks your skin
