

A Whole Lot of Lovin'

B.B. King

I got a whole lot of lovin'
Baby, just waiting for you
I got a whole lot of lovin'
Baby, just waiting for you
And the way I can love you woman
Honey, I know you can love me too Well, you're so good lookin', baby
And your built up from the ground
Well, you're so good lookin', baby
And your built up from the ground
Every time I see you baby
My love starts tumblin' down Yeah, you're just my type baby
Just my height and size
Say, you just my type babe
You just my height and size
And the reason I love you
Because you got them little dreamy eyes
