That'll Be Me

Gina Jeffreys

I'm writing you this letter to tell you goodbye
Mummy and the doctors say it's time
Don't bring any flowers
You know I'd hate to see them die
And don't you cry
I'll always be with you

(Chorus)
When you feel a hand on your shoulder
Or a kiss right out of thin air
When you hear your name and then turn around
But there's no body there
That'll be me
When you see a star shining brightly for you
And your're making wishes and they're coming true
Know that I put in a good word for you
That'll be me
(That'll be me)

Time is sure to help your heart to mend
You know this really doesn't mean the end
They say friend's are forever
And I'm sure we'll meet again
But until then, I'm never far away

(Chorus)
When you feel a hand on your shoulder
Or a kiss right out of thin air
When you hear your name and then turn around
But there's no body there
That'll be me
When you see a star shining brightly for you
And your're making wishes and they're coming true
Know that I put in a good word for you
That'll be me
(That'll be me)
