

Brilliant Sky

Saybia

Brilliant sky nothing has changed
I'm exactly the same as before
We went cruising in a high speed lane
I'm still dreaming of open sky, open road But grass is not greener on the other side
I know by now 'cause I walked the red carpet and died
There is so much more to life than what meets the eye
We're running wild on the ocean, running wild Brilliant sky all over
Theres a brilliant sky all over, these days, yeah
Theres a brilliant sky all over, these days
Hang on, hang on, hang on And I thought I was safe on this one way crusade
But reality claimed my heart and my friends
Now this is day one in the rest of my life And I'm feeling all grounded and my spirit is high
And I'm longing for open sky, open road
We're running wild on the ocean, running wild Theres a brilliant sky all over, yeah
Theres a brilliant sky all over, these days, yeah
Theres a brilliant sky all over, these days, these days
Hang on, hang on Theres a brilliant sky, yeah
Theres a brilliant sky
Ooh, we're running wild on the ocean, running wild
