Paid Vacation

Circle Jerks

I hope you're having fun
Where's your uniform? Where's your gun?
Better rub up that suntan oil
'Cause you'll be fighting in the desertIt's not, Vietnam
Just another oil company scam
Salute that flag for Uncle Sam
Get your money out place your bets, it's AfghanistanFix bayonets, check grenades, got enough bullets
Got enough rounds to wipe out this place?
Were the infantry and the cavalry
Parachutes fill the skies, bodies burn and people dieIt's not, Vietnam
Just another oil company scam
Salute that flag for Uncle Sam
Get your money out place your bets, it's AfghanistanFix bayonets, check grenades, got enough bullets
Got enough rounds to wipe out this place?
Were the infantry and the cavalry
Parachutes fill the skies, bodies burn and people die
