

# Caroline

JR JR

Been in the hospital for days  
All of the guys on my floor think we're boys now  
They don't catch me counting like this  
How can I tell if it's drugs or my feelings now What if I don't see the point  
In everybody wasting so much time  
And energy worrying about my thing  
It's my thing Oh now Caroline  
No ones gonna live my life for me(x2) Hold on, hold on.  
No ones gonna live my life for me  
Oh now, Caroline  
I don't wanna be you.(x2) It's in our nature to engage  
With the voice from within pushing us into action  
But I can't tell if your voice trapped inside me  
So let me make sure I'm making my own mind up What if I don't see the point  
In everybody wasting so much time  
And energy worrying about my thing  
It's my thing Oh now Caroline  
No ones gonna live my life for me(x2) Hold on, hold on.  
No ones gonna live my life for me  
Oh now, Caroline  
I don't wanna be you.(x2) And in the girl's wing  
They care for you  
So maybe I'm a little feminine now(x3) What if I don't see the point  
In everybody wasting so much time  
And energy worrying about my thing  
It's my thing Oh now Caroline  
No ones gonna live my life for me(x2) Hold on, hold on.  
No ones gonna live my life for me  
Oh now, Caroline  
I don't wanna be you(x2) No ones gonna live my life for me(x3)  
Oh now caroline  
I don't wanna be you(x2)
