

5 Times Out of 100

Hot Hot Heat

Five times out of a hundred.
Tell me what my odds are, my heart isn't working.
Five times out of a hundred.
Tell me what my chance is, romance is under rated.
hay hay hay i dont want a no
say say say i dont want to go
stay stay stay i dont want a slow,slow slow day
Stare on.
Don't let a glance be too short.
Don't stop.
Glances are a playground.
Stay around the sound of laughing boys.
Walk on round the table making noise.
Stare on! Oh no?
I wanna turn the bathtub on
and watch this house drown from the lawn.
I wanna turn this energy on.Five times out of a hundred.
Tell me what my odds are, my heart isn't working.
Five times out of a hundred.
Tell me what my chance is, romance is under rated.
hay hay hay i dont want a no
say say say i dont want to go
stay stay stay i dont want a slow,slow slow day
