Red Light Love

Those Darlins

Red light love
Makes my heart stop
Drives me so crazy
I cant even walk
I got a red light love
Hopin everyday
He dont green light go
Go go go awayDont matter where were goin
Dont matter how long we stay
Long as Im sitting next to him
Everythings gonna be ok
Well dress up nice
Well jump in the car
Go out n paint the town
We dont worry bout getting lost
Because he knows his way aroundRed light love
Makes my heart stop
Drives me so crazy
I cant even walk
I got a red light love
Hopin everyday
He dont green light go
Go go go awayTurn on the radio
Play my favorite song
We know we got a ways to go
Started to sing along
We go for miles and miles
Take me far away
We talk talk and talk
Goin in and out of things to sayRed light love
Makes my heart stop
Drives me so crazy
I cant even walk
I got a red light love
Hopin everyday
He dont green light go
Go go go awaySome people cant be satisfied with the simple things in life
Difference between them and us
We know how to take a ride

Got a car, we got each other
No we aint hard to please
All we need is a couple of bucks
And a can of gasolineRed light love
Makes my heart stop
Drives me so crazy
I cant even walk
I got a red light love
Hopin everyday
He dont green light go
Go go go away
Go go go away
Go go go away
