Moonbeam

Xyce

One, two, three, four
(Love, love, love, love)
You, you were on a moon, moonbeam
Me, I was on a star
Gee, everything was blue, blue-green
Because everything was far
Me, I was in a mo-movie
You, you were in a song
Gee, everything was groo-groovy
We, everything was wrong
And no matter where you are
I can always see that far
You were on a moonbeam of love
A pretty little moonbeam
It's you I'm thinking of
Hey! I was only trying to say
You're a million miles away
I can feel you dancin' anyway
You, you were on a moonbeam
And me I was in a cloud
And everything was Lou Reed
And everything was loud
No matter where you were
Well, I could always see that far
You were on a moonbeam of love
A pretty little moonbeam
Moonbeam of love
A pretty little moonbeam
Shining from above
A pretty little moonbeam
It's you I'm thinking of
A pretty little moonbeam
Do you dream of love?
