

# Horse 4eva

## Toxic Lipstick

crazy witchdoctor threw me a bone,  
hit me in the face on the way back home.

Ran really fast but who woulda reckoned, changed to a horse in the next one second.

Hair on my body, down to my feet.

With a big long tail and an arse full of meat, 4 strong legs and well toned truck.

Iâ€™m hung like a horse, a true blue hunk.

horse 4eva, horse horse 4eva.

With ribbons in my mane and glitter on my hooves.

Horse 4eva, horse horse 4eva.

The local steed hotties pulling all the moves.

Horse 4eva, horse horse 4eva.

ka-razy pony bitches chompinâ€™ on my bit.

Yeah check inâ€™ all the fools as they hit my shit.

Itâ€™s not fair I had a date, youâ€™re gonna make me very late, heâ€™s really hot, he has a car, Iâ€™ve shaved my  
stuffed my bra.

I am a horse, take this eye of meat for your charm collection.

Just please save me quick from this giant pony erection!

horse 4eva, horse horse 4eva.

Itâ€™s not so bad youâ€™ll never be lonely

horse 4eva, horse horse 4eva.

everyone wants to be friends with a pony

horse 4eva, horse horse 4eva. ( x4 )
