

Safe

PATRASCANO

We have so many many faces
Some strangers in the sun
They break the light in pieces
So small...
Reality is so far...
In your mind So gimme gimme gimme
That proof tonight
That you are sane
And you are right Cause nobody is
And nobody will You keep me safe from home
Tonight Ay Ay Ay Ay
Whats on your mind now? I see so many many faces
Staring at me right now You keep me safe from home
Tonight
